REFUSE COLLECTION AND DISPOSAL

A BIBLIOGRAPHY

FEDERAL SECURITY AGENCY
Public Health Service
Division of Sanitation
Washington, D. C.

MAY, 1952

Reproduced by
NATIONAL TECHNICAL
INFORMATION SERVICE

The references contained herein were compiled by Mr. Donald Keagy, Assistant Sanitary Engineer, from material published during 1951.

References were obtained from the following sources:

1. The American City
2. American Public Health Association Journal
3. Civil Engineering
4. Engineering Index
5. Engineering News-Record
6. Official Bulletin - North Dakota Water and Sewage Works Conference
7. Ohio's Health - Ohio State Dept. of Health
8. Public Health Engineering Abstracts
9. Public Health News - New Jersey Dept. of Public Health
10. Public Works
11. Sewage and Industrial Wastes Engineering
12. Water and Sewage Works

This supplement is arranged in sections according to the various administrative and operational phases of refuse collection and disposal as presented in the 1941-50 version of Refuse Collection and Disposal - A Bibliography.

Ralph J. Van Derwerker
Ralph J. Van Derwerker, Chief
Municipal and Rural Branch
Division of Sanitation
